

Group assignment: (UI/UX Design – Figma)

Group Formation

- Students must work **in the same groups assigned during theory sessions**
- **No changes to groups are allowed**
- **No two members should design the same page**

Important Rules

- Only **Figma** is allowed
- No copied designs from templates
- Each student must explain **their own page**
- Late submissions will be penalized

Assignment Objective

To design a **complete E-commerce website UI** using **Figma**, where each group member is responsible for **one unique webpage**.

Page Distribution

Each **group member must design ONE webpage** from the list below:

- ❖ Home Page
- ❖ Product Listing / Category Page
- ❖ Product Details Page
- ❖ Cart Page
- ❖ Checkout / Login / Profile Page

Design Requirements

❖ **Frame & Layout**

- ❖ Desktop frame size: **1440 × 1024**
- ❖ Maintain proper **alignment and spacing**

❖ **Components**

- ❖ Header (Logo, Navigation, Icons)
- ❖ Footer (Links, Contact info)
- ❖ Buttons
- ❖ Forms (Login / Checkout if applicable)

➤ **All reusable elements must be created as Figma Components**

Prototype & Interactions (Minimum)

Each group must include:

- Navigation between pages
- Hover effect on:
 - Product cards
 - Buttons
- Click interaction:
 - View product details
 - Add to cart

Folder & Submission Instructions

Create a folder named using:

GroupNumber

Inside the folder include:

- Screenshots of **each webpage**
- Screenshots of **prototype interactions**
- Exported images (PNG/JPG)
- Component exports

Submission Details

- All groups must **submit the assignment on or before 30th January**
- **Submission deadline: 12.00 noon**
- Ensure all required files, screenshots, and exports are properly organized before submission

Evaluation Details

- **Date:** 30th January
- **Time: 12.40 PM**
- Each group must be present for evaluation
- Every group member should explain **their individual webpage design**
- Marks will be awarded based on design quality, usability, and individual contribution
